INFORMATION TO BE INCLUDED IN FORM ECSRC-OR

1. Financial Statements

Provide Financial Statements for the period being reported in accordance with International Accounting Standards. The format of the financial statements should be similar to those provided with the registration statement. Include the following:

- (a) Condensed Balance Sheet as of the end of the most recent financial year and just concluded reporting period.
- (b) Condensed Statement of Income for the just concluded reporting period and the corresponding period in the previous financial year along with interim three, six and nine months of the current financial year and corresponding period in the previous financial year.
- (c) Condensed Statement of Cash Flows for the just concluded reporting period and the corresponding period in the previous financial year along with the interim three, six and nine months of the current financial year and the corresponding period in the previous financial year.
- (d) By way of *Notes to Condensed Financial Statements*, provide explanation of items in the financial statements and indicate any deviations from generally accepted accounting practices.

2. Management's Discussion and Analysis of Financial Condition and Results of Operation.

Discuss the reporting issuer's financial condition covering aspects such as liquidity, capital resources, changes in financial condition and results of operations during the reporting period. Discussions of liquidity and capital resources may be combined whenever the two topics are interrelated. Discussion of material changes should be from the end of the preceding financial year to the date of the most recent interim report.

The Management's Discussion and Analysis should disclose sufficient information to enable investors to judge:

- 1. The quality of earnings;
- 2. The likelihood that past performance is indicative of future performance; and
- 3. The issuer's general financial condition and outlook.

It should disclose information over and above that which is provided in the management accounts and should not be merely a description of the movements in the financial statements in narrative form or an otherwise uninformative series of technical responses. It should provide management's perspective of the company that enables investors to view the business from the vantage point of management.

The discussion should focus on aspects such as liquidity; capital resources; changes in financial condition; results of operations; material trends and uncertainties and measures taken or to be taken to address unfavourable trends; key performance indicators; and non-financial indicators.

General Discussion and Analysis of Financial Condition

1.0 <u>Management Analysis for Quarter ended 30 June 2016</u> <u>Financial Results 2016/17</u>

- 1.1 It is to be noted that the ECHMB principal activity is the purchase of mortgages on the secondary market, thereby providing liquidity to Primary Lenders (PLs).
- 1.1.2 Consistent with FY 2014 and FY 2015, PLs reported low growth in their loans portfolio in FY 2016. This contributed to the retention of high liquidity in the banking system of the Eastern Caribbean Currency Union (ECCU) and hence, precluded the need for PLs to access funding on the secondary mortgage market to bankroll grow in their mortgage portfolio. Faced with excess liquidity and limited bankable loans, PLs augmented their interest income by repurchasing their pools of mortgages from the ECHMB. During the quarter ended 30th June 2016, PLs repurchased mortgages totaling \$11.79M.
- 1.1.3 The ECHMB had to manage significant cash inflows, in an environment characterized by high liquidity and declining yields on cash and investments. Challenged by these adverse headwinds, the Board of Directors and Management focused on those factors which the ECHMB could influence. As a result of a

proactive approach, the ECHMB generated a Net Profit for the three (3) Months ended 30th June 2016 of \$0.627M compared with \$0.540M of the comparative period of 2015. Return on Total Assets improved from 0.87% for the quarter ended 30th June 2015 to 1.03% for the quarter ended 30th June 2016.

Full time employees	6	6

1.2 Interest Income

1.2.2 The mortgage market in the ECCU is likely to remain "soft" for the foreseeable future and hence, high liquidity is likely to remain a feature of the banking system. It is therefore conceivable that PLs will not be required to access the secondary mortgage market to fund growth in their mortgage loans portfolio. As these conditions persist on the primary market, the secondary market is likely to remain fragile. The high liquidity in the banking system will also induce financial intermediaries to lower the coupon rate offered on customers' deposits. The aforementioned factors have combined to trigger the diminution in ECHMB's Interest Income.

1.2.3 As illustrated in the Table below, Income from the Mortgage Loans Portfolio has declined by 28.66% from \$1.39M in the quarter ended 30th June 2015 to \$0.99M in the quarter ended 30th June 2016. Likewise, Income generated from Term Deposits and Call Accounts has decline by 26.26% and 223.0% respectively.

Change from (EC\$ in thousands, except as noted) 2015 For three (3) Months -30 June 2016 2016 % 2015 Mortgage Loans portfolio -28,66% 993 1,392 Interest on bonds 717 39.22% 515 Term deposits 907 1,229 -26.26% Call account -223.00% 4 (3)Treasury bills 138.45% 103 43 Mortgage credit facility 52 100.00% 2,776 -12.62% 3,177

- 1.2.4 In response to these adverse trends in the market, the ECHMB introduced a new Strategic Plan for the period 2017-2020 ("the Strategic Plan"). The Strategic Plan is designed to:-
 - Reposition the Bank to securing best fit in the changing financial landscape of the ECCU
 - Place emphasis on growth, efficiency and building shareholders' wealth
 - Diversify the Bank's assets and capital
 - Focus on achieving our critical success factors
 - Build the Bank's reputation as the employer of choice

This strategic realignment of the Bank is imperative in order to exploit the unique opportunities presented in the current financial environment in the ECCU. As showed in the table above, the ECHMB is already reaping the benefits:-

- Income from bonds has increased by 39.22% from \$0.515M in the quarter ended 30th June 2015 to \$0.717M in the quarter ended 30th June 2016.
- Income from Treasury Bills has increased by 138.45% from \$43.0K in the quarter ended 30th June 2015 to \$0.103M in the quarter ended 30th June 2016.
- The ECHMB has introduced Mortgage Credit Facility which has generated \$52.0K in interest income.
- As a result of the Bank strategic shift, Total Income has declined by 12.62% for the quarter ended 30th June 2016 when compared to the corresponding period of 2015. It is to be noted that Total Assets under Management declined from \$252.21M for the quarter ended 30th June 2015 to \$244.25M for the quarter ended 30th June 2016.

1.3 Interest Expense

- 1.3.3 The ECHMB has commenced the process of deleveraging the statement of financial position by repaying \$9.60M of the borrowings from the Caribbean Development Bank ("CDB"). In addition, the restrictive covenants imbedded in the CDB borrowing had the potential to derail the implementation of many of the initiatives outlined in the Strategic Plan. The debt repayment resulted in an improvement in our Debt-to-Equity Ratio from 3.26:1 for the quarter ended 30th June 2015 to 3.16:1 for the quarter ended 30th June 2016.
- 1.3.4 The ECHMB continued to reap the benefits from the decision to issue corporate paper for tenures up to 365 days as opposed to longer tenure corporate bonds. During the first quarter of 2016/17 financial year, the ECHMB issued two (2) corporate papers with a cumulated face value of \$60.0M at coupon rates of 2.0% and 1.998% respectively. This resulted in a declined in the weighted average cost of debt (WACD) from 3.10% in 2015 to 3.02% as at 30 June 2016. As a result of the lower WACD, Interest Expense declined by \$410K (20.69%).

Ol- - - - - - - -

2.0 Projected Outcome 2016/17

- 2.1 On the asset side of the statement of financial position, ECHMB continue to reduce investments in institutions held under conservatorship by the Eastern Caribbean Central Bank and have eliminated most of the concentration risk in our investment portfolio. ECHMB commenced the process of reviewing Investment Policy Statement with the intent to broaden the instruments and markets in which it trade.
- 2.2 The current results show that the ECHMB is on course to exceed its budgeted Net Profit for the year of \$2.74M for FY 2016/17.

3.0 Statement of Financial Position

- 3.1 In an effort to optimize costs and resources across the Bank, Assets under Management were reduced from \$252.70M in 2015 to \$244.64M as at 30th June 2016; this resulted in an improvement in the weighted average return on assets from 3.65% in 2015 to \$3.12% in 2016.
- During the 2016 financial year, the ECHMB repaid long-term loan of US\$4.0M on the CDB Borrowings; as a result, Borrowings declined from \$194.52M in 2015 to \$185.90M in 2016. The Bank's Debt to Equity improved from 3.26:1 in 2015 to 3.16:1 in 2016. The ECHMB Cash & Investments amounts to \$201.27M (82.3%) of ECHMB's Assets under Management. The ECHMB therefore has sufficient resources to meet all current obligations.

Liquidity and Capital Resources

Provide a narrative explanation of the following (but not limited to):

- i) The reporting issuer's financial condition covering aspects such as liquidity, capital resources, changes in financial condition and results of operations.
- ii) Any known trends, demands, commitments, events or uncertainties that will result in, or that are reasonably likely to result in, the issuer's liquidity increasing or decreasing in any material way. If a deficiency is identified, indicate the course of action that the reporting issuer has taken or proposes to take to remedy the deficiency.
- iii) The issuer's internal and external sources of liquidity and any material unused sources of liquid assets.
- iv) Provisions contained in financial guarantees or commitments, debt or lease agreements or other arrangements that could trigger a requirement for an early payment, additional collateral support, changes in terms, acceleration of maturity, or the creation of an additional financial obligation such as adverse changes in the issuer's financial ratios, earnings, cash flows or stock price or changes in the value of underlying, linked or indexed assets.
- v) Circumstances that could impair the issuer's ability to continue to engage in transactions that have been integral to historical operations or are financially or operationally essential or that could render that activity commercially impracticable such as the inability to maintain a specified level of earnings, earnings per share, financial ratios or collateral.
- vi) Factors specific to the issuer and its markets that the issuer expects will affect its ability to raise short-term and long-term financing, guarantees of debt or other commitment to third parties, and written options on non-financial assets.
- vii) The relevant maturity grouping of assets and liabilities based on the remaining period at the balance sheet date to the contractual maturity date. Commentary should provide information about effective periods and the way the risks associated with different maturity and interest profiles are managed and controlled.
- viii) The issuer's material commitments for capital expenditures as of the end of the latest fiscal period, and indicate the general purposes of such commitments and the anticipated source of funds needed to fulfil such commitments.
- ix) Any known material trends, favorable or unfavorable, in the issuer's capital resources, including any expected material changes in the mix and relative cost of capital resources, considering changes between debt, equity and any off-balance sheet financing arrangements.

	t.		

Off Balance Sheet Arrangements

Provide a narrative explanation of the following (but not limited to):

- i) Disclosures concerning transactions, arrangements and other relationships with unconsolidated entities or other persons that are reasonably likely to materially affect liquidity or the availability of, or requirements for capital resources.
- ii) The extent of the issuer's reliance on off-balance sheet arrangements should be described fully and clearly where those entities provide financing, liquidity, market or credit risk support, or expose the issuer to liability that is not reflected on the face of the financial statements.
- iii) Off-balance sheet arrangements such as their business purposes and activities, their economic substance, the key terms and conditions of any commitments, the initial on-going relationship with the issuer and its affiliates and the potential risk exposures resulting from its contractual or other commitments involving the off-balance sheet arrangements.
- iv) The effects on the issuer's business and financial condition of the entity's termination if it has a finite life or it is reasonably likely that the issuer's arrangements with the entity may be discontinued in the foreseeable future.

Results of Operations

In discussing results of operations, issuers should highlight the company's products and services, facilities and future direction. There should be a discussion of operating considerations and unusual events, which have influenced results for the reporting period. Additionally, any trends or uncertainties that might materially affect operating results in the future should be discussed.

Provide a narrative explanation of the following (but not limited to):

- i) Any unusual or infrequent events or transactions or any significant economic changes that materially affected the amount of reported income from continuing operations and, in each case, the extent to which income was so affected.
- ii) Significant components of revenues or expenses that should, in the company's judgment, be described in order to understand the issuer's results of operations.
- iii) Known trends or uncertainties that have had or that the issuer reasonably expects will have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations.
- iv) Known events that will cause a material change in the relationship between costs and revenues (such as price increases, costs of labour or materials), and changes in relationships should be disclosed.
- v) The extent to which material increases in net sales or revenues are attributable to increases in prices or to increases in the volume or amount of goods or services being sold or to the introduction of new products or services.
- vi) Matters that will have an impact on future operations and have not had an impact in the past.
- vii) Matters that have had an impact on reported operations and are not expected to have an impact upon future operations
- viii) Off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships that have or are reasonably likely to have a current or future effect on the registrant's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.
- ix) Performance goals, systems and, controls.

Overview of Results of Operations

3. Disclosure about Risk Factors.

Provide a discussion of the risk factors that may have an impact on the results from operations or on the financial conditions. Avoid generalised statements. Typical risk factors include untested products, cash flow and liquidity problems, dependence on a key supplier or customer, management inexperience, nature of business, absence of a trading market (specific to the securities of the reporting issuer), etc. Indicate if any risk factors have increased or decreased in the time interval between the previous and current filing.

4. Legal Proceedings.

A legal proceeding need only be reported in the ECSRC – OR filed for the period in which it first became a reportable event and in subsequent interim reports in which there have been material developments. Subsequent Form ECSRC – OR filings in the same financial year in which a legal proceeding or a material development is reported should reference any previous reports in that year. Where proceedings have been terminated during the period covered by the report, provide similar information, including the date of termination and a description of the disposition thereof with respect to the reporting issuer and its subsidiaries.

There were no pending legal matters.	
	:

5. Changes in Securities and Use of Proceeds.

(a) Where the rights of the holders of any class of registered securities have been materially modified, give the title of the class of securities involved. State briefly the general effect of such modification upon the rights of holders of such securities.

Not applicable.	

	in the registration statement, provide the following:Offer opening date (provide explanation if different from date disclosed in the
	registration statement) Not applicable
	 Offer closing date (provide explanation if different from date disclosed in the registration statement) Not applicable
	 Name and address of underwriter(s) Not applicable
	Amount of expenses incurred in connection with the offer Not applicable
	Net proceeds of the issue and a schedule of its use Not applicable
	 Payments to associated persons and the purpose for such payments Not applicable
(c)	Report any working capital restrictions and other limitations upon the payment dividends.
T	here are no working capital restrictions or other limitations.

6. Defaults upon Senior Securitie	6.	Defaults	upon	Senior	Securities
-----------------------------------	----	-----------------	------	--------	------------

(a) If there has been any material default in the payment of principal, interest, a sinking or purchase fund instalment, or any other material default not satisfied within 30 days, with respect to any indebtedness of the reporting issuer or any of its significant subsidiaries exceeding 5 per cent of the total assets of the reporting issuer and its consolidated subsidiaries, identify the indebtedness. Indicate the nature of the default. In the case of default in the payment of principal, interest, or a sinking or purchase fund instalment, state the amount of the default and the total arrears on the date of filing this report.

ECHMB has not defaulted on any of its payment obligations.	

(b) If any material arrears in the payment of dividends have occurred or if there has been any other material delinquency not satisfied within 30 days, give the title of the class and state the amount and nature of the arrears or delinquency.
