No

1. Description of the Industry in which the Company Operates

Bank of Montserrat Limited (BML) was incorporated in 1988 and is the leading financial institution on the island of Montserrat. The Bank became the sole bank following its acquisition of the Royal Bank of Canada in 2021 and offers a range of traditional products and services to both retail and commercial customers. Other players operating within the financial sector is a Building Society and a Credit Union.

There were two main events that caused significant devastation to the island's economy and significantly impacted the Bank during the 1990's: Hurricane Hugo and Soufriere Hills Volcanic activities. The island's volcano erupted in 1995, 6 years after Hurricane Hugo, leaving two thirds of the island uninhabited. Thousands migrated to the United Kingdom, USA and neighboring Caribbean islands. Consequently, the population was significantly reduced from 12,000 to approximately 5,000 people. With both events occurring close (6 year gap), this caused a crippling effect on the island's Tourism and Agricultural sectors, which were the main economic contributors at the time.

Montserrat has since become heavily reliant on grant and aid from the United Kingdom. The Government of Montserrat is the largest employer on island with building construction and infrastructure development following as the second main employer and contributor to GDP.
